On track, helping Grand County families, building another home

Hello Habitat for Humanity - Grand County supporters! We have another house well under way in Hot Sulphur Springs! Soon, Maria Archuleta and her daughter and son will have a new home to call their own. We started on the house in early August, and despite having to work around sub-contractors who are extremely busy, we have made more progress on the house than expected. The roof was on and dried in before the snow flew. We have a good group of volunteers, some seasoned veterans, and some new

enthusiastic volunteers, but we can always use more so check our web site to see about volunteering. Below is a picture of the house in early October, when the roof was finished.

Last winter we hired a new Executive Director, Jodi Griesch. Jodi had previously worked for HFH - GC as a bookkeeper and is continuing to improve our finances and recordkeeping. The Board has appreciated Jodi's financial reporting that has allowed the Board to stay on top of our financial situation. George Davis continues as our construction manager and the Board is very pleased with his continued leadership as construction of our 12th house is in progress.

We are starting the early planning to build another house in Hot Sulphur Springs beginning in the Spring of 2019. The property that we own on the east side of town, where the current house is under construction, has another 4-5 lots upon which we can build. We have spent a lot of money on infrastructure for this property on electrical lines, sewer lines, environmental studies, and geological studies. This means that the next houses will be ready to build. We have the plans drawn up for the next house and we are hoping to start construction in late Spring 2019. *But we need your help with funding the next house, and helping another hard - working Grand County family to realize the dream of becoming homeowners.* We ask for your donation to Habitat for Humanity of Grand County to help in our efforts.

On behalf of the Archuleta family and Habitat for Humanity of Grand County, we thank you for your continuing support. ***Please look into your heart and make a difference in the life of a family by continuing your support in 2018.*** Your gift is the means by which we can continue to help families in Grand County realize their dreams of a home of their own in which to live and thrive.

God's blessings to you and your family this holiday season!

Steve Morrison

President of the Board

Habitat for Humanity - Grand County
